

Whistler Quick Delivery Permit Application

Required for all quick delivery vehicles operating within the Resort Municipality of Whistler (RMOW) between February 1 – 28, 2010

- The RMOW has developed a February 2010 Games Period Delivery Program governing the delivery of goods to Whistler businesses during the 2010 Winter Games. This program will be in effect from February 1 through February 28, 2010.
- While off-hour deliveries are permit exempt, any operator wishing to make quick deliveries under the program will be required to display a valid Quick Delivery Permit.
- All delivery vehicle operators must be familiar with the delivery program including delivery vehicle size requirements, time and location restrictions, locations of loading and unloading zones and the provisions of their use.
- To ensure compliance with the delivery program, municipal bylaws will be strictly enforced. Delivery vehicles found to be in violation of municipal bylaws will be subject to ticketing and towing.
- The Quick Delivery Permit is not valid for access through the Sea-to-Sky Checkpoint, into Localized Vehicle Permit areas, venue areas, VANOC transportation areas, or Olympic traffic lanes.
- Permits must be clearly displayed through the front window of vehicles.
- Permits will be issued at no cost, are not vehicle specific, and may be transferred between quick delivery vehicles operated by the same company.
